

Wednesday, May 18th Blood Bank at High School

Wednesday, May 18th, is the date. From 9 a.m. until 3 p.m. is the time.

This will be the last Blood Bank for Red Cross fiscal year 1983 which ends June 30th; and if over a hundred of you wonderful, generous Blood Donors come to give a pint this could be the best Red Cross Blood Doning year yet in Crawford County, despite the beaver that cut down the tree last November, causing a power outage in downtown Grayling, and putting the last High School Bank out of business because of lack of heat as well as lights.

Fingerprinting Program For Community Children To Be Held May 18 & 19

A growing concern for the safety of children in our community has prompted the Grayling City Police to take action on a program that could possibly assist parents and law enforcement officers in locating and identifying children.

Police officers will be at the Grayling Elementary School on May 18 and 19 from 3:30 to 7:00 p.m. to fingerprint children. They will process children of any age, if accompanied by a parent. These prints will be presented to the parents and will be used only at their discretion.

This program is strongly supported by school administrators and you are urged to take advantage of this opportunity. If you have any questions, or would like further information, please contact Peter Stephan, Chief of Police, or Melvin G. Nunn, Grayling Elementary Principal.

CHIEF OF POLICE Pete Stephan helps a student with fingerprinting.

Lansing Receives FAA Site Selection

A Federal Aviation Administration information center will be placed in Lansing, Crawford County officials learned Monday.

Crawford was one of sixteen sites in Michigan in the running for the new computerized flight plan and weather information center. An estimated payroll of \$2 million a year for employees of the center was the reason the sixteen communities wanted to be selected as the site.

Turkey Shoot and Horseshoe's

The AuSable Sno-Birds are having a Turkey Shoot at 3:00 p.m. Sat., May 14 at the club house, located off 612 West of Frederic. Everyone is invited, there will be refreshments. The shooting will be with muzzle loaders. Don't miss it - we know you will enjoy it.

Then on Sat., May 21st at the same location we will have a Horseshoe Tournament with cash prizes. You must be signed up by 10:00 a.m. Starting time about 10:30 a.m. The cost is only \$2.00 each to enter - Hot Dogs and Refreshments, Everyone Welcome.

St. Jude Bike-A-Thon Rescheduled

The annual Bike-A-Thon to raise money for cancer research at St. Jude's Children's Hospital was rained out last Saturday and as a result has been rescheduled for this Saturday, May 14. The event will get underway at 10:00 a.m. at Hanson Park. Anyone who would like to participate may still register. Applications and pledge forms are available at the offices of the Grayling Elementary School, the Frederic Elementary School and the Grayling Middle School. Riders will ride a 2 mile course near Hanson Park. The course is set up on Old Lake Road into Karen Woods. Drivers who will be traveling in that area on Saturday are asked to travel with extreme care. Members of the local C.B. Radio club will be assisting with the Bike-A-Thon and will be stationed along the route.

Range Firing Conducted

Range firing will be conducted at Camp Grayling during the period 10-15 and 17-18 May 83.

Firing will be in the following areas on the dates and times as indicated.

The Small Arms Ranges located west of Lake Margrethe, north of Howe Rd., east of the gas pipeline and south of Portage Creek. Firing will begin at 8:00 a.m. on 14 May and cease at 3:00 p.m. 15 May.

The Range 40 Complex located north of County Rd. 612, east of Guthrie Lake, south of Old State Rd 618 and west of County Rd F97 (Twin Bridge Rd). Firing will begin at 9:00 a.m. (Daily) and cease at 5:00 p.m. (Daily).

The ranges will be closed to the public during these periods and all persons are warned to keep out of the areas identified.

Schools Begin Survey For Voters' Choice On Building Options

by Jon Thompson

A survey by Crawford AuSable School is underway this week asking 350 district voters to rank building options for a Grayling Middle School.

The persons randomly selected by a computer are being asked to rate renovation, new attached building, and separate new building options. Also, if the voters rank building a separate new building their first or second choice, they're asked where they prefer the new building to be placed - at the football field in town or on high school property farther north of the high school.

Superintendent of Crawford AuSable School District Kent Reynolds said school officials held or attended 27 meetings with 385 persons prior to the survey to pass out information. Additionally, middle school tours were conducted, slide shows presented, radio talk programs discussed options, and a full-page pull-out in the Crawford County Avalanche offered detailed information on the three options.

Throughout the information sessions, Reynolds said several questions commonly were asked. One concerned the opportunity for voters to say "No" to the issue. The survey, conducted to collect information from the public for the board of education, asks voters to rank the three options, but the voters will have the opportunity to vote yes or no on an option in a public election tentatively scheduled in September.

Reynolds said the most emotional question regarded mixing of middle school and high school students. Should an attached building be approved, more supervision will have to be provided in bussing areas, outside areas, and in the shared facility area, he said.

Questions about what would happen to the existing middle school if another was built will be answered in June by a special citizen committee. The existing bus garage at the middle school would be kept, the gym used in 1955 could still be used to serve the community, and whether or not the main building could be used for offices, shopping, or other use is still being looked into by the committee.

Questions about increased bussing costs if a middle school was built out of town brought out the information 84 percent of middle school students are now bussed to the town site and all the busses unload at the high school so there would be little increase in transportation costs.

Throughout the information period, school officials said they learned three things from public responses: the residents appreciate the board asking the public for their opinions before any decision is made, most persons feel something has to be done to provide good facilities for middle school students, and most persons after touring the middle school or seeing slides on its condition were less favorable toward renovation.

Chief Executive Officer Named at Mercy Hospital

The Board of Trustees of the Sisters of Mercy Health Corporation is pleased to announce the appointment of Sister Mary Ellen Howard, R.S.M., as the President and Chief Executive Officer of Mercy Hospital, Grayling. Sister Mary Ellen will replace Sister Mary Hilda Duffey, R.S.M., who has served as Chief Executive Officer of the 130-bed facility since 1968.

Sister Mary Ellen is a native of Detroit and is currently Vice President at Catherine McAuley Health Center in Ann Arbor. Previously, Sister held administrative positions at St. Joseph Mercy Hospital in Pontiac, Creighton-St. Joseph Hospital in Omaha, Nebraska, and the Mount Mercy Continuing Development Center in Grand Rapids.

Sister's educational background includes a Masters degree in Health Administration from the University of Wisconsin, a Bachelor of Science in Nursing from Mercy College in Detroit, and Our Lady of Mercy High School, Farmington Hills.

As a professional nurse, Sister has served in Bay City, St. Mary Hospital, Grand Rapids, and on the faculty in Delta Community College, Bay City.

The Board of Trustees appointment was recommended by a Search Committee including representatives of the Divisional Board of Mercy Hospital, and was chosen from a field of several well-qualified candidates.

The transition of the administrative leadership at Mercy Hospital will take place this summer.

FREDERIC HONORS LENG—Al Leng, the Frederic Township Fire Chief for 21 years, was honored Sunday, May 1, as more than 300 persons gathered to dedicate the new Frederic Township Fire Hall in his name. Dean Welch, left, gives Leng a watch in appreciation of his many years of service - one of several gifts given to Leng Sunday.

8th Annual Kirtland's Warbler Day Slated for May 21 at KCC

The eighth annual Kirtland's Warbler Day featuring tours to nesting areas will be held May 21 at Kirtland Community College.

Car tours to nesting areas will start at 9 a.m. conducted by Jerry Weinrich from the DNR. Lunch will be served at the KCC student center compliments of the Kirtland Audubon chapter and the college.

A report of the progress of the Kirtland's Warbler Recovery Team will be given following lunch and the annual meeting of the

Kirtland Audubon chapter will be held afterwards.

The yearly survey of singing males showed an 11 percent drop in population last year for the rare songbird. The bird's only breeding location is found in northern lower Michigan among young jackpine stands.

Last year census workers estimated 414 birds returned from their winter trip to the Bahamas. Most of the birds counted last year were located in Oscoda, Crawford, and Ogemaw counties. One male was reported in the

Upper Peninsula near Gwinn.

A program was started in 1971 to help save the small birds from extinction. One of the Kirtland's warbler problems is loss of prime habitat. The bird likes to nest in young jackpine trees - a species that thrives after forest fires. Modern forest fire fighting has greatly reduced the number of acres burned and the DNR and U.S. States Forest Service are using control burns as one way to insure enough habitat for the special birds.

Big Cast Successful Bringing Back Large Musical to GHS Stage

The return of a big musical production, "Babes in Arms", to GHS proved to be a crowd pleaser. Based on a 1937 musical and the old Mickey Rooney/Judy Garland "Let's Have A Show!" theme, Grayling High School students, under the direction of Howard Taylor, provided an evening filled with song and dance...including such old standards as "Where or When", "My Funny Valentine", and "The Lady is a Tramp".

Senior Tim Taylor, in his last role at Grayling High School, provided many humorous moments as a frustrated young composer trying to find someone to produce his review.

Shelly Leal, playing opposite Tim as the young actress trying to make good in the theater, brought a tear to the eye with her heartfelt rendition of "My Funny Valentine". GHS theatre fans are sure to see more of Leal, a junior, on the Grayling stage.

George Morse, senior, provided his usual superb performance as a male theater apprentice, and proved that he can not only sing and act...he dances too. Grayling

audiences will miss him.

Junior Shawn Lovely, in her first stage performance, playing the self-centered rising starlet, managed to always be one step ahead of George with her witty comments and repartee.

Junior Zannlyrae Lindsay brought down the house singing "The Lady is a Tramp" and "Johnny One Note". Zann's future in musical productions is assured.

Troy Haag, a junior, did his usual crusty character role as the Simon Legree type producer who wouldn't give the kids a chance, but gives in to pressure at the end.

Sophomore Kim Stockton, in her role as the established star doing summer stock gives promise with both her dramatic and vocal talents.

Freshman Kathy Allen, as the typical stage mother, performed well in a hard role.

Freshman Kevin Reynolds, as the angry southern playwright, showed he can play it straight, and play it for a laugh, and do well at both.

RHS Picked Among Top Schools in 50 States

by Jon Thompson

Roscommon High School, already picked as one of the top five high schools in Michigan, has now been selected as a finalist in a national program to recognize outstanding secondary schools.

Gerrish-Higgins School District Superintendent Hans Lantzsich said he was pleasantly surprised May 2 when he and RHS principal Roy Renbarger, Don Selon, RHS faculty representative, and Ann Feusse, RHS student representative, attended an award ceremony in Lansing.

After state schools superintendent Phillip Runkel presented the delegation with a plaque honoring RHS as one of Michigan's best, he informed them U.S. Secretary of Education T.H. Bell included the school among 60 to 80 finalists across the United States.

"We're thrilled that we were selected," Lantzsich said. "It's a great honor,

especially for our student body and our teachers."

Roscommon High School, whose district includes all of South Branch Township and the eastern section of Beaver Creek Township in Crawford County, was the only northern Michigan school picked among Michigan's best. The other schools, Bloomfield Hills Lahser High, Grosse Pointe South High, West Ottawa Middle (Holland), East Grand Rapids Middle, Sturgis High, Battle Creek Northwestern Jr. High, Monroe Cantrick Jr. High, Plainwell Middle, and Southfield Lathrup High, are all larger than RHS and all except Sturgis were in the top 25 in money spent per pupil. RHS ranked 209th in money spent per pupil.

Lantzsich said the recognition program is part of a research project started when U.S. Secretary of Education Bell wanted to find out what is "a good school."

From Our Corner...

What an afternoon! Here we sit staring at ol' Smithy waiting for something to conjure up in our little mind and all we can think about is the brunch at the hotel that we just finished and we feel like an ol' hound dog, eat and lay down and sleep, our Traverse City family spent the day with grandma and I and following the meal they headed back home to spend some time with John's mother who has just returned from Florida...

For those who don't live around here and for a little posterity...we had snow on the ground Sunday (Mother's Day) May 8th, and the wind was still chilly in the middle of the afternoon even with the sun out...now with the weather report taken care of, we can start trying to think of something to fill this turkey for this week...

We have to clear up a little question we were asked the other day...we were asked what ever happened to R.J., they hadn't seen his name in our column lately and wondered if he was still around...we are happy to relate, R.J. is very much around, he is still operating as an English teacher at the high school and on weekends is selling a whole bunch of real estate...he did skip town over the Easter break and headed for his beloved jungle called New York City...he did tell us he strayed a bit while out east and took in the sins of gambling in Atlantic City, he never did tell us how he made out, but we presume he did the same as our bride did in Las Vegas...left all the loot there...anyway he is back in God's country and just keeping a low profile...

Letters to the Editor...once again let us reiterate the policy of the Avalanche on letters to be run in the paper...we still receive letters unsigned, or typed names on them...also some are way to long to be considered...we encourage letters pertaining to things happening in our county, but we also have limited space...we ask the writers to keep in mind that letters need not be as long as a book to convey their feelings, and they have a better chance of being printed if they are short...also it is our judgement and decision in what issue the letters that are printed appear...we try to give equal space to the several organizations and school projects plus the many other things that happen in our county...to do that we have to cut some place, and that is why articles are left out when time elements show they have another week to appear...or we are asked to run an article for 2 or 3 weeks before that event is to happen...

On letters, we ask you to re-read them to make sure they are not libelous or slanderous...the Avalanche is as responsible as the writer when it comes to law suits...you may be disgusted about a certain thing, but we ask you sleep on it before you submit your letter...you may be only wasting your time and ours and you must sign your name and address and phone number to be even considered to have your letter printed...too many times we receive letters with the name typed, they must be signed even if they are typed...

We received a note the other day pertaining to one of our columns...we thought it was of interest to those of us who live in the Grayling area...

Dear Whitey,

It was good to see a familiar name in your April 14th column - Carl Rasak was our family Dentist when he lived in the Detroit area.

About 13 years ago we were renting a cottage at Houghton Lake and wanted to purchase some property around that area. When I mentioned this to Dr. Rasak he recommended Grayling and referred us to Ken Chappell. Both were excellent suggestions!

We purchased property, fell in love with Grayling and built a house in the Ken-Mar AuSable Estates. We will be moving to Grayling on a permanent basis in approximately 3 years.

We are extremely grateful to Dr. Rasak for guiding us to the "Heart of the North".

Quite a curiosity is the river boat that Adam and LeRoy Horning recently pulled out of the Manistee river 3 miles below Riverview. They were employed in taking deadheads out for George M. Collen, when they found the craft turned upside down in a log jam. It is a river boat carved out of a log, with a hatchet and knife, evidently by Indians who inhabited these parts several decades ago, and is thought by Grant Shaw to be over 100 years old. It measures 13½ feet from bow to stern, is 13 inches wide at the top-most widest part and measures 8 inches on

bottom. Skats are carved out and they are about 3 inches high. The wood is in pretty fair condition, only worms and insects have eaten holes into its sides.

Little Sally Gross visited her aunt, Mrs. Stuart Rutledge Sunday in Roscommon.

Mr. and Mrs. Carl Hanson and Mr. and Mrs. Menno Corwin spent Wednesday in Bay City on business.

Mrs. Earl Hewitt spent Saturday in Gaylord with Mr. Hewitt, whose office as unemployment director is located there.

Mrs. Lucille Wade of Toledo has arrived in Grayling to make her home, they having purchased the Albert Gierke home.

Mrs. Ernest Borchers and daughter Barbara Ann, and Mr. and Mrs. William Randolph spent the weekend in Findlay, Ohio, visiting Mr. and Mrs. Stanley Stephan.

Mr. and Mrs. Edward Mayotte spent Mother's Day visiting the former's parents at Munising. On their return they were joined at McMillan by Miss Margaret Fyvie and Elmer Fenton who had spent the weekend at the former's home.

Mr. and Mrs. Robert LaMotte (Madonna Cariveau) are receiving congratulations on the birth of a son, Robert Lee, Monday at Mercy Hospital.

A surprise birthday party was given Saturday in honor of Joan Randolph, it being her 5th birthday, Uncle Neal of WJR, Detroit, broadcasting station, told Joan where to find her gifts and it proved to be a big treat to all the little ones.

Mrs. Louise J. Ireland has returned from spending the winter in Detroit, and a welcome awaited her by her new little granddaughter, Carol Mikesell.

Leo Gannon, who is employed at Big Bay, spent the weekend with his family, on his return he was accompanied by Fred R. Welsh.

Mr. and Mrs. Fred Catlin of Toledo spent the weekend visiting the latter's parents, Mr. and Mrs. Paul Ziebell.

The Bible Speaks

From Calvary Baptist Church

CATHOLIC BISHOPS LETTER

We defend the rights of the U.S. Roman Catholic Bishops to use their freedom of religion, press and speech to promote their beliefs in the United States of America.

Bishop Thomas Gumbleton was once regarded as a lone radical and pacifist against Roman Catholic policy on war and peace. Now, by vote of 238 bishops, his views are the official position and teaching of the U.S. Roman Catholic church. The traditional "just war" policy reigned in the church for 1500 years from Saint Augustine until Gumbleton. The views of Augustine and Gumbleton are in complete conflict. Since both men claim their belief is biblical, one must be wrong. Those who believe in an infallible Bible will believe Augustine. Those who believe in an infallible church of Rome will still believe the church is always right.

Along with their stand against nuclear arms, the bishops called on 51 million Roman Catholics to return to meatless Fridays. This noble claim to help the poor and starving peoples of the world is questionable. We already have a giant surplus of food on storage. Those who believe the Bible, will read and take heed of the warning revealed in I Timothy 4:1-6. What ever happened to those poor departed souls who ate meat on Friday, before the church first determined it to be no longer sinful? Would the church say they are in Heaven, Purgatory or Hell? With the return to meatless Fridays, will those people stay where they are, or go back to where they were?

One bishop said, any Roman Catholic soldier ordered to fire a nuclear weapon should refuse to do so. This kind of thinking is very dangerous to the future welfare of our nation. In retrospect, what if the pilots who dropped the atomic bombs on Japan ending World War II had been influenced by such thinking? The patriotic catholic soldiers enroute from the

battlefields of Europe to the Pacific were not pacifists. The fathers, mothers, brothers, sisters, sons and daughters of those brave Catholic soldiers whose lives were spared by the abrupt end to the war are glad those pilots were not pacifists.

The disciples of Jesus asked Him: "What shall be the sign of thy coming, and of the end of the world?" One sign Jesus gave was increased wars between nations: "And ye shall hear of wars and rumours of wars: see that ye be not troubled: for all these things must come to pass, but the end is not yet. For nation shall rise against nation, and kingdom against kingdom; and there shall be famines, and pestilences, and earthquakes, in diverse places." Matthew 24:3, 6, 7.

Both recent history and the testimony of our Lord Jesus Christ assures us of increased warfare between nations. Since Russia offers the most aggressive threat of nuclear war in the future, it seems most reasonable that the U.S. Roman Catholic Bishops take their letter and go to Russia. If they succeed in Russia, most Americans will be more interested in their views. I firmly believe many Roman Catholics in America love their family, friends, neighbors, and country far too much to surrender their patriotism for the changing whims of the church of Rome. (adv.)

THE COFFEE POT IS ALWAYS ON
The First of May

My trusty rod I cherish so,
Is ready for the fray.
All poised up from tip to butt
To greet the opening day.
The boots are not just what they were,
Perhaps, not what they seem;
But patches help to navigate
A few more miles of stream.
The dainty, gaudy, little flies
Once more have seen the light,
For half the fun of fishing
Is to see which one they'll bite,
Or to argue with the other chap
Who thinks he has the dope,
Yet most the anglers say I know
Just put one on & hope.

I'm hankering for the tang of pines,
For crooked trails that lead
Into the forest's tranquil heart
Where springs the rivers feed,
Clear, sparkling, crystal rivers
Forever on their way.
Man, they just take my troubles
And bear them all away.

As long as I can cast a fly
And watch it swiftly glide
O'er ripples, murmuring a song,
Where speckled beauties hide,
As long as pine and balsam shed
Their fragrance for mankind,
I shall find real joy in fishing,
And leave all care behind.

Dear Editor,
The glowing advertisement endorsing nuclear power in last week's Avalanche should not go without a rebuttal. At this point in time nuclear power should be viewed with grave reservation. The potential for an accident of devastating proportions is inherent with nuclear power. Any industry can have problems, that is the price we pay for survival in the 20th century. But a nuclear power plant meltdown would make an area roughly the size of the Upper Peninsula uninhabitable. The long term effects of radiation include birth defects, cancer, leukemia, and a reduced resistance to disease.

George and Peri Griffith have returned to their Grayling home after an absence of almost six months. Last fall they went to Wisconsin to visit friends and then on to Montana where he attended a Trout Unlimited meeting. On their return they stopped in South Dakota to visit his niece and family, Bob and Jamie Seidel, Erick and Amy, before going on to Florida to spend the winter.

Mr. and Mrs. Hal Walker have returned home after spending the winter in Zephyrhills, Florida. They visited relatives in Kentucky and Detroit enroute home.

Mrs. H.E. Farrington of Lansing is spending some time in Grayling with her daughter and family, Dr. and Mrs. B.E. Henig.

Mrs. Beulah Stephan spent six weeks in Ridgewood, New Jersey, with her granddaughter and family, Tom and Anne Marie Hendrickson. They did a lot of sight-seeing and went into New York City to see some plays. On her return to Grand Rapids she was met by another granddaughter and husband, Brian and Carleen Dane, with whom she spent several days. They brought her back to Grayling.

Vern and Judy Essenberg of Grandville spent weekend before last with her parents, Mr. and Mrs. Ernie Larson. They celebrated Judy's and Jerry's April birthdays with a party at the Jerry Larson's.

Vacant Building Survey Taken By Development Group

An inventory of existing vacant buildings has been started by the Crawford County Industrial Development Committee to help prospective new and expanding businesses.

Frederic Fire Hall Dedication

The fire hall was dedicated Sunday, May 1, 1983, to our fire chief of 21 years, Alan D. Leng. Participating in the flag raising was Frederic Cub Scout Pack 3978 with Cub Master Ben Pratt, Den Mother Rosie Owens and Ass. Donna Pratt. Accompanying them with a trumpet solo of the National Anthem was Dan Brandes.

The invocation was given by Pastor Robert Taylor. Spokesman Dean Welch then introduced County Commissioners Mary Harland, John Miller and Chairwoman Jeannette Kitchen, who presented Al with an appreciation citation in recognition of his many years of service to the community. The fire hall was officially dedicated with a plaque which read:

"In Appreciation For Community Services This Building Is Dedicated To Alan D. Leng, May 1, 1983"

Ace Leng presented his son with a personal plaque. Spokesman Dean gave an interesting personal history of Alan's life and presented him also with a watch. Al's wife Muriel and daughter Jackie and son Alan were also present. Long time associate and Crawford County Sheriff Joe White added a humorous touch with a fire extinguisher lamp. Assistant Fire Chief Dan Brandes introduced the firemen and gave years of service, followed by Betty Sajdak's introduction of the ambulance crew. The benediction was given by Pastor Dohn Weaver followed by a tour of the fire hall and waterball fight. Grace was given by Mrs. Marie Cox and a delicious potluck dinner attended by over 300 people concluded the day.

A special cake decorated with a model fire truck, ambulance and wrecker was made for the occasion by Pat Sloan. Entertainment for the afternoon was provided by D.J. Fred Hinkle. The drawings were won by Ben Pratt, Ken Thompson and Joshua Cox.

We extend appreciation to all those who helped make such a lovely and well attended day for Al.

The New Dream

By Rev. Thomas A. Bruno
Minister of
The Congregational Church
Roscommon

I can still remember the last time I saw my father alive. We were in Tarrytown, N.Y., and my father was boarding a train for the city where he lived. Often since that time, I have pondered what I would have said to him and how I would perhaps have acted differently if I had known it would be the last time I would see him on this earth.

But alas, life doesn't afford us the luxury of turning the hands of time back. That only happens on Fantasy Island. Real life sometimes has some hard lessons for us. That brings me to my point, one you have heard before, but one which needs to be reiterated: **SEND THE FLOWERS NOW!**

I have no regrets with my father of what I would have said or what I would have done. Fortunately, while he was alive I did and said the things which showed him my love and appreciation.

Some of you may not have been so lucky. Some of you feel guilty for what you said and the way you acted. The problem is that the guilty feeling which hounds you cannot change anything. Too late to redeem the past!

Life is described in the Epistle of James as a "mist that appears for a little while and then vanishes." Our present world seems to be on a collision course with God's timetable. Many live as if tomorrow were guaranteed, and God says you may not have tomorrow.

Because life is short, whatever kindness we need to do for each other, whatever goodness we need to act upon, whatever word of encouragement we need to share, whatever warm feelings of love there is within our hearts,

Let this be the day to share them.
SEND THE FLOWERS NOW!

Blanchard Criticized on Toxic Commission Delay

Warren M. Hoyt, Executive Director, MPA

Representatives of the Public Interest Research Group in Michigan (PIRGIM) and several environmental groups have criticized Governor James Blanchard for not moving quickly enough to fill vacancies on the Toxic Substance Control Commission (TSCC).

Saying Michigan's "pandemic toxic chemical problems" deserve as high a priority as the state's fiscal crisis, the group also called for additional staff to be hired at the TSCC and its funding increased.

"It is time to move on" from economic problems and give toxic substance control more attention, Anne Woiwode of the Sierra Club said. "Chemical contamination is a crisis similar to our economic problems," she added.

Richard Levick, an environmental specialist with PIRGIM, outlined a course of action which would greatly aid the commission in monitoring toxic substance problems.

First among those actions was appointing commissioners to fill the five vacancies on the commission, he said.

"The inability of the TSCC to conduct business for lack of quorum precludes the possibility of the TSCC exercising its power to declare a toxic substance emergency," he said, adding there have been indications recently that Blanchard will soon make appointments to the commission.

Levick also said the governor should lift his employment level freeze to allow the commission to hire at least two more scientific staff members. He said the commission currently does have a toxicologist or environmental specialist.

But the commission should also remain small - at its peak it had seven full time people - "to effectively act on its oversight functions without adding to the state's bureaucracy."

The commission came in for some criticism as Levick, in a report he compiled on the commission, called on it to improve its communications with the departments of Natural Resources, Public Health and Agriculture and he criticized the commissions' early handling of the cleanup emergency at the Berlin and Farro site in Swartz Creek.

Proposal on 900 Instructional Hours

School districts would have the option to give students either 180 instructional days or 900 instructional hours during a school year under legislation proposed by two Republican legislators.

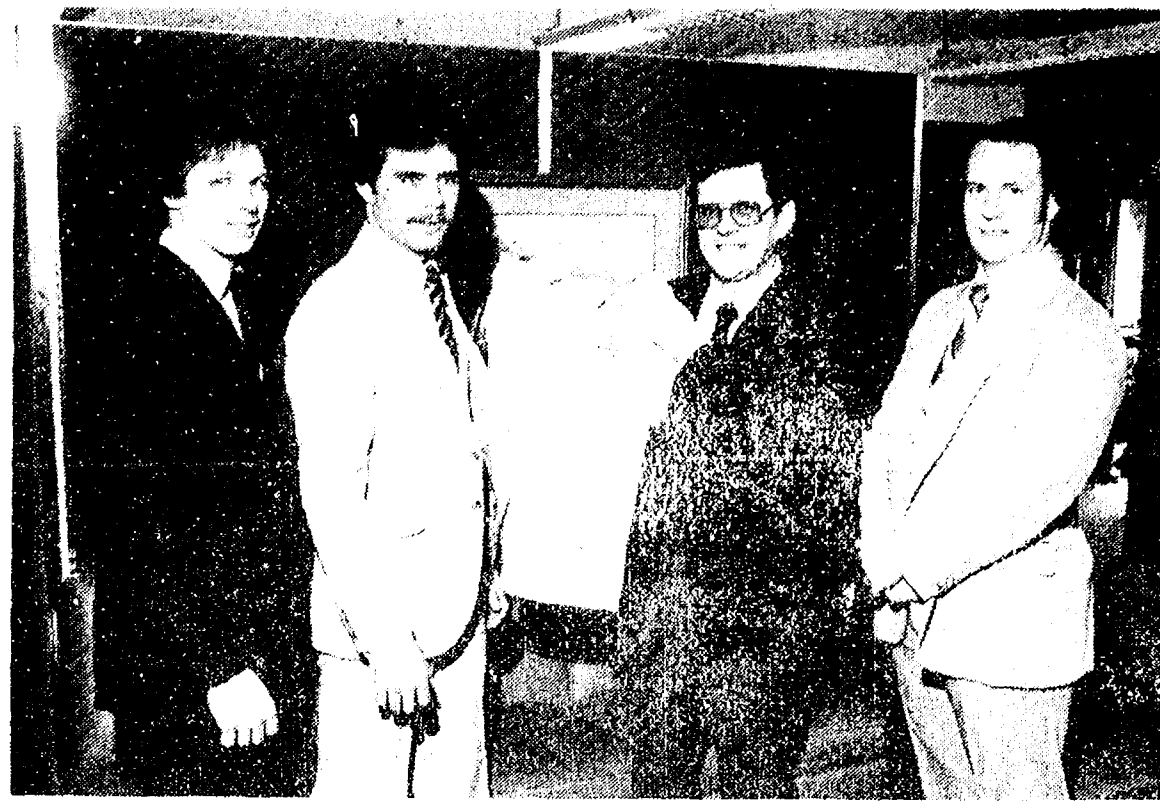

Reps. Donald VanSingel of Grant and Sidney Owninga of Marion said many rural districts in the north are urging the option as a way of saving costs.

Under the proposal, a school system could hold classes for four days a week, but have a longer school day which could net the system savings in terms of gasoline, bus maintenance and utility costs for school buildings.

VanSingel said that in Colorado, where the proposal has been adopted by 28 school districts, schools have seen savings of as much as 22 percent in gasoline, 28 percent for bus maintenance and 23 percent for electricity.

Though their proposal would not call for state approval before a district could switch to a 900-hour system, VanSingel said he would not oppose a requirement that the state Board of Education grant permission for a district to make the switch, and then monitor the district to assure that educational quality is not affected.

The legislators also conceded there could be some problems in households where both parents work if children suddenly are going to be home one day of the week instead of at school.

RACQUETBALL GROUP HONORS PRIEBE—The Ferris State College Intercollegiate Racquetball Association (IRA) recently honored Donald A. Priebe (second from right), FSC vice president for academic affairs, for his past and continued support of the organization. Presenting Priebe with a souvenir shirt from the FSC Racquetball Club's annual spring tournament are FSC IRA members (from left): William Deck of Warren; Rod Hadash, president, of Walled Lake; and Tom Rettenmaier of Grayling. Deck is presently ranked 18th nationally in the IRA.

Boy Scout Troop

The new Boy Scout Troop 77 of the Blue Lake Fire Dept. in Kalkaska County is well underway.

Troop 77 was invited to Camp Greilick, southeast of Traverse City in late February for the Scenic Trails Council's Klondike Derby. The members of the troop were placed in small groups with other troops attending the Klondike. Troop 77 and Troop 926 of Kalkaska went home with winning trophy ribbons for the Great Sled Race. To win the sled race, each troop member had to stack his camping gear onto a sled and race through an obstacle course against other troops. Other events that day were challenges in first aid tasks, fire building with only what could be found in the woods, life saving on ice, signaling, and many types of nature identifying. The U.S. Coast Guard from Traverse City put on a spectacular air show with ground and air rescue using a basket lift and cable.

All members of the new troop are looking forward to nice weather and future camps. They are in much need of donated pots, pans, tarps, tents, plastic, rope, camping tools, etc. Please call 348-8806, 348-2448, or 348-9836.

Stop Smoking Clinic To Be Held In Grayling

Smokers who want to kick the habit will have their chance May 22 - 29, 7 p.m. at Camp AuSable, Grayling. The plan consists of evening group therapy, films, and a daily personal control program for home or work.

Dr. Arthur Weaver, associate professor of surgery at Wayne State, and his associate John Swanson, M.P.H. - health education specialist, will be conducting the program. They have helped over 60,000 people quit smoking, with most of these coming from the Detroit area. Their stop-smoking techniques have been popularized by television, radio, and many newspaper articles.

The plan consists of five-evenings, filled with lectures, audio-visual presentations, and group interaction. Each participant receives a personal "control booklet" with instructions and encouragement programmed for each day of the withdrawal program. A donation will be taken to cover expenses.

Camp AuSable is located just east of Grayling. If you have further questions, call (313) 459-0894 or Camp AuSable (517) 348-5491.

Mastery Learning Inservice

On Tuesday, May 24 there will be an afternoon inservice for all K-8 teachers. A staff development specialist from the Department of Education will conduct the inservice on Mastery Learning techniques.

Mastery Learning is a technique in which teachers can use to more effectively teach to the district reading objectives. The inservice is part of a continuing series on mastery learning techniques that will continue into next year. Parents will be notified of dismissal times for that day.

Art Exhibit at Kirtland

The Art Department at Kirtland Community College will sponsor a weekend in Chicago from September 23, 1983, through September 25, 1983. The College has secured 40 tickets for viewing the Vatican Exhibit at the Art Institute of Chicago, which will be the highlight of the weekend.

Other activities will include a docent tour of the architecture and studio of Frank Lloyd Wright in Oak Park, Illinois, and a guided tour by an architecture student of Chicago's Art and Architecture. The evenings will be left open for individuals to select theater, ballet, and symphony performances, or to simply enjoy a quiet evening including gourmet dining.

The cost of the tour is \$150.00, which includes transportation, two nights lodging and the three guided tours. Reservations can be made by calling the college at 275-5121, ext. 220, or Kaaren Denyes at 345-3616. Reservations must be made by May 25, 1983.

Room Needed

Crowded landscape plants compete for nutrients and moisture. Spread them out to give them a chance to develop normally.

NEW LEIN SYSTEM—A new Law Enforcement Information Network system bought by the county, City of Grayling, and Camp Grayling was hooked up last week at the county jail. Dispatcher Sandy Abdella is shown feeding information into a computer system connected to Lansing. The sheriff dept., city police force, and camp Grayling military police can now receive information about suspects quicker than before when they had to call to Otsego County to use their system. In the first two days using the new system, sheriff deputies recorded six "hits" on suspects stopped for traffic violations. "Hits" mean the suspect is wanted somewhere for a previous conviction and the computer system found their record. With only a suspect's first and last name and approximate age the LEIN system can supply officers with a list of all possible persons living in the state under the name in that age group. On a common name such as Michael Johnson the print-out may last as long as a half hour.

Mead Promoted Federal Funding Windfall

Milford D. Mead, son of Dee A. and Dolores J. Mead of Route 4, Grayling, has been promoted in the U.S. Air Force to the rank of staff sergeant.

Mead is a missile maintenance specialist at Grand Forks Air Force Base, N.D., with the 321st Organizational Missile Maintenance Squadron.

His wife, Dora, is the daughter of John H. and Nila Peterson of M-72 West, Grayling.

He is a 1974 graduate of Grayling High School.

Youth Bowlers State Finalists

Three Grayling youth bowling teams advanced to the State finals in Wyandotte April 23 & 24. Bowling in the Upper-Northern Team Tournament in February they each placed first in their respective age divisions which earned them a spot in the State finals. Finishing 2nd in the state in Bantam division (8 & under) were Mike McMillian, Ian Doten, Mitch McMillian, Matt Cragg & Tony DiPonio. Placing 6th in the state in Prep division (9-11) were Lonnie Davis, Jimmy Smith, Ricky Montgomery, Chad SanCartier & David Montgomery. The Major (15-18) boys finished 2nd in the state. Team members are Steve Brooks, Mike Barr, Rob Holzman, Lance Davis & David Zigla. They will be guests of the Michigan YABA at the awards banquet held in June at the Grayling Holiday Inn. The State YABA will present them with trophies for their excellent bowling.

Sixty-four local bowlers traveled to Traverse City in March to compete in the Upper-Northern Singles Tournament. Six of these bowlers will advance to the State finals in Lansing, May 14th & 15th. They are Laura Wisniewski, Lonnie Davis, Jimmy Smith, Claudine Allen, Ian Doten and Lance Davis. Good luck and good bowling!

"There will be a \$5 million increase for the 16,800 mile county federal aid secondary road system and another \$5 million added to the local bridge replacement programs, with the latter receiving the most notable advance in relation to the needs.

"Overall, the counties and cities are scheduled to receive a total annual increase of \$10.3 million with a possibility of another \$19.2 million for economic development and other type transfers by MDOT.

"The additional money is both needed and welcome, but hardly enough to make significant impact upon the combined city and county road systems," concluded Rogers.

"Unfortunately, at the same time," added Rogers, "the new money from the recent state gas and license plate increase will not be significantly greater for counties and cities until 1984. This means that there won't be any noticeable road improvement program this year from this source."

GHS Crew Takes Top Spanish Honors

FIRST AT CMU SPANISH COMPETITION—Fifty-five GHS spanish students traveled to CMU April 29 for the 11th annual foreign language day and a group of 11 singers won top honors in competition for their medley of hispanic songs. Senior Anne Waggoner, juniors Karla Dosch (guitarist), Felicia Galvani, Troy Haag, Denise Kitchen, Khristy Ostrowski, Monique Petrosky, sophomores Annette Barber, Barbara Kamph, Teresa Lehto, and freshman Cris McLaughlin were awarded first place - the first time GHS has taken top honors. Also competing in the Spanish, French, German, and Russian skits, dances, songs, and displays were Beth Bedard, Patti Hahn, Shawn Lovely, Jeff Martinez, and Pat Moore, who performed a medley of Mexican dances, and Brenda Prause, Maria Perez, Kevin Reynolds, Kim Stockton, Darrel Sauter, Damon Thayer, and Anne Waggoner, who performed a skit. Pat Moore, a junior, Christy Best, a freshman, and Nancy Cybart and Carrie Stephan, freshmen, took honorable mention awards for their displays.

Babes

(Continued from Page 1)

Sophomore Damon Thayer, as the Broadway producer, added class to a class performance.

One of the most exciting moments of the performance was provided by the apprentices who included Todd Riley, Stephanie Hindmarsh, Dennis Mansfield, Denise Harrington, Trisha Hahn, Peter Huss, Maria Perez, Lori Pfaff, Lisa LaMotte, Brenda Prause, Chris McLaughlin, Brenda Johnson, and Jeff Martinez.

The big number was a dream ballet called "Imagine". A charade that begins with Shelly singing to all the apprentices to keep

up their spirits when faced with the possibility of failure. The dance leads them through their interpretation of success and stardom in Hollywood.

Choreographer Jini Hindmarsh was outstanding in putting together seven dance numbers and making inexperienced dancers appear relaxed and at ease in unfamiliar dance situations.

As in previous musicals, Howard Taylor demonstrated his superb directing ability moving a large cast through the difficult paces of this musical.

This years production was co-sponsored by the Crawford County Arts Council.

RHS

(Continued from Page 1)

Bell asked all the state superintendents to nominate ten of their best schools. In Michigan, 1200 high schools were screened down to 64 by the state board and then a special committee of principals and other educators narrowed the list to five. A federal panel of educators is narrowing the 250 high schools selected by state groups down to 30 or 40 schools which already includes RHS.

A federal education official visited RHS Friday talking to parents, students, teachers, and others gathering information to help make final choices.

"We've already felt the impact of the recognition," Lantzscheid said. "National and state research institutions and organiza-

tions have already called asking us to fill out questionnaires on our counseling program, music program, scheduling process, and so forth."

Along with newspaper articles in local and area publications, television crews from downstate Michigan were scheduled to visit the high school tucked away in pine trees southwest of the village of Roscommon.

"It's the first time to my knowledge that schools have been given a trophy for education," Lantzscheid said. "The trophy is going to be lonely in the display case next to all the football and other sport trophies, but it's nice to receive an award for what the whole school is here for - education."

DANCE FOR HEART

American Heart Association

Exercising volunteers from throughout Northern Michigan will participate in "Dance for Heart," an exercise dance marathon on May 21 from 11 until 3 o'clock at Schey's Country House. The event is sponsored by "Sondance" to benefit the research and education programs of the American Heart Association. Participants will try to continue choreographed exercise routines for the entire duration of the four-hour event. When performed regularly, dance-exercise benefits your cardiovascular system.

For sponsor sheets and information on how you can join in and help support your Heart Association call Suzy Nicholas, 348-8665.

Downstate Man Injured Avoiding Deer

George Gasser, 23, of Berkley, was injured Monday, May 2, when he swerved in his car to avoid a deer along Old 27 one and a half miles south of Frederic. His car rolled over and the Frederic ambulance crew took him to Mercy Hospital for treatment of head injuries.

A small fire in a kitchen of an abandoned cabin on Eagle Point Rd. was put out by the Grayling Fire Dept. Saturday at 8:03 p.m. Two teenagers were reported running from the cabin just before the fire was reported. Anyone with more information about the suspects are asked to call the sheriff department. The white cabin is located 3/10 of a mile south of M-72 west at Eagle Point Rd.

Sports Medicine Speakers To Discuss Children In Sports and Nutrition

Two guest speakers, John McPhail, Ph. D., from Lansing, and James M. Johnson, MD., will be discussing nutrition with athletes and children and sports at the free sports medicine classes held Tuesday nights at the Grayling High School.

McPhail will discuss nutrition May 17 and Johnson will talk about children and sports May 24. The classes are free, open to the public, and run from 7 to 9 p.m. The classes are sponsored by the Grayling Mercy Hospital staff.

Grayling Elementary School

Thanks to twenty-one fifth graders at Grayling Elementary School, St. Jude's Research Hospital in Memphis, Tennessee, will receive a \$790.94 donation. In order that they might help children less fortunate than themselves the fifth graders gave up their time to do over 200 math problems and to take pledges from relatives, neighbors, and friends in the local Math-A-Thon.

St. Jude's is the largest childhood cancer research center in the world. It is non-sectarian and completely free to children admitted by a physician referral and whose diseases are under study.

The following students took part in the Math-A-Thon and deserve congratulations for their efforts: Bobby Grudzien, Bev Baker, Terry Sorenson, Nichole Laundre, Jennifer Naour, Heather Willoughby, Nicole Trenary, Suzanne Hamilton, Christopher Bindschattel, Peggy Kraus, Paula Chapp, Patti Chapp, Paula Nunn, Lana Hagon, John Jurkovich, Terri Pottorff, Chris Millikin, Jennifer Walsh, Jeff Cowie, Leann Bishop, and Aimee Rochette.

Thanks to a great group of fifth graders!

Colors

In Mrs. Knibbs' second grade class they are learning primary colors. They are also making color wheels and mixing colors. Blue and yellow make green, yellow and red make orange, red and blue make purple. We picked out some nice kids, Heather Millikin and Jeremy Wilson, to help us write this story. By Suzanne Hamilton and Heather Willoughby, fifth grade.

What a Super Community Project!

The Michelson Methodist Junior Youth Fellowship group raked the church lawn on Sunday, April 17. The girls received the "quality" award and the boys won the "quantity" award. The yard looks great! The Youth Fellowship leaders are Ken and Carol Money. Thanks to all!

EARLY MUSHROOMS—Paul and Marie Kamph, of Grayling, display some of the beefsteak mushrooms they picked last Wednesday. Kamph, who's been picking mushrooms ever since he was a kid, said it was earliest he can remember for picking beefsteak mushrooms.

Thanks to you, it works, for ALL OF US.

It's time once again for area non-profit groups and organizations to get their grant application forms from the Crawford County United Way. Each year, all groups wishing to receive funding from the United Way must request a Grant Request Application. This applies even to those who have received funding in the past. The deadline for obtaining an application is June 3.

To be eligible for United Way funding, a group or organization must be non-profit and be involved in human resource type projects.

To receive a grant application, the group or organizations need only write to: Crawford County United Way, P.O. Box 171, Grayling, Mi. 49738. The application will be sent with further instructions.

For more information, call Doug Wilson at 348-2841 Ext. 262; Sherry Hanson at 348-7652 or Georgia Moore at 348-2163.

RSVP

Recognition Dinner

by Sherry Haag, Dir.

May 20, 1983 is the 10th Annual RSVP Recognition Dinner. The event will be held at the Grayling Holiday Inn. Registration & punch will start at 6 p.m. A cash bar will also be available with dinner at 6:30. This year's theme is "A Decade of Service". Various community leaders will be speaking as well as other special guests. The 3 Directors from previous years will also be attending. The Grayling High School Big Band will be entertaining for your listening and dancing pleasure after the honoring of volunteers. This year all volunteers will receive their certificates and gold seals at registration. Please be sure to pick up yours when you arrive. The Carnation Community Service Award will also be presented. The RSVP Advisory Council has chosen the recipient from agencies or organizations that have been of assistance and supportive to the Crawford Co. Retired Senior Volunteer Program. RSVP members with 30 hours or more service will be our guests. For all others wishing to attend, there will be a \$5.50 fee.

The public is invited to attend and is most welcome to join in honoring the over 200 Senior Volunteers of RSVP.

The Retired Senior Volunteer Program began in July, 1973. The 1st year ended in June, 1974, with 8,640 hours served by 104 volunteers at 16 stations. The 10th year ends in May, 1983, with 35,000 hours served by 218 volunteers at 46 stations. From July, 1973, to April, 1983, 200,806 hours have been served by RSVP senior volunteers. Figured on an average of \$3.00 an hour, that's \$602,418.00 saved by the community. The youngest volunteer is 60, the oldest 100, with the average age of a volunteer 72.

For more information, or to make reservations, call the RSVP office at 348-4341 or 348-8322. Please, advance reservations by May 17, 1983. A Dial-A-Ride bus will leave the Senior Center at 5:45 p.m., May 20, 1983. Transportation home can be provided if necessary, but we must know ahead of time.

Credit

Have you ever needed a few hundred dollars for a short period of time for a special need? The Cash Reserve program at Gaylord State Bank is designed to meet your small loan needs.

Cash Reserve is your personal line of revolving credit that you need only apply for once. Upon approval, you may draw any amount up to your agreed credit limit. As you repay, your available credit is increased to the limit of your pre-approved line.

Your payback schedule is based on your current outstanding balance, usually around \$25.00 per month.

For further information on the Cash Reserve program, please contact Gary Rousseau in our Installment Loan Department at 348-5435.

People of Grayling and the surrounding areas:
In recent years I've heard many complaints and slanderous remarks about the town. "Grayling is just a small town, there isn't much work, no large department stores, and too many old fashioned people and ideas." From such comments, I gather many people are unhappy with this town.

I was born here in Grayling and have lived most of my life in the area. I grew up along the river, amongst many traditional ideas and people. By 1981 I was beginning to think like most other townspeople, Grayling was just a small town with little culture and few redeeming qualities. But, February 27, 1982 began a lesson I would never forget. My father got a call to a better job in Gainesville, Florida. He left March 2, and would return in June to move the four of us when school got out.

From February until June I found literally hundreds of good things about Grayling, the town and the land. "No other place on earth had the same story to tell, Grayling was unique." This discovery was accurate, and I did not want to move - to leave - my little world was falling apart. "But, maybe this was better, maybe we could make a better life for ourselves in Florida, we can make new friends; start a new life," at least this is what I tried to convince myself, "I can always come back on vacation to visit. I'll have so much fun! I'll get over the good-byes."

We weren't there a week and I knew I was wrong, but, I had to give it a fair chance. We (us 3 girls), started school and I tried to make friends. My attempts were quite unsuccessful. We switched schools and again I made useless attempts in making friends. A little "country hick" just didn't fit into the fast pace of life. Parties, drugs, and poolside

AUTOGRAPH COLLECTION—Mr. Forrest Cook, a private citizen with a phenomenal aerospace autograph collection; everyone from Orville Wright and Amelia Earhart to all the men who walked on the moon, Soviet cosmonauts, and more, was the guest speaker at a program presented to the Grayling Elementary students on Tuesday morning, April 19, 1983.

Shown in the picture with Cook is his grandson, Benjamin Cook, a first grader at Grayling. Benjamin introduced his grandfather to the lower elementary students for their part of the program. Among Cook's collection that he showed to the children was the cover from his collection that Orville Wright had autographed for him years earlier, and he asked Lt. Col. Alfred M. Worden from the Apollo 15 mission crew to carry on his mission to the moon. Worden returned it to Cook months later with an accompanying letter confirming that that letter had traveled through space to the moon. The letter had stayed with Col. Worden in lunar orbit and never actually descended to the moon's surface.

socializing just weren't my style. I was suddenly proud to be just a country girl and wasn't going to change.

I realized life back home was the best thing for me. Grayling and her people were kind—they were a part of me. I had taken too much for granted: I was neglecting to praise and be thankful to the very thing that inspired my personality.

We have since returned to Grayling and are very happy; we have been given another chance. The people of Grayling should also be thankful for what they have. There are riches other than monetary possessions and citizens of this area have an abundance of them. Please remember; seldom do we know what we have until it is gone. Realize this and be proud of our small, humble, but beautiful little town.

Thank you sincerely,
Margie Hatfield

Lottery Announces New Game

All signs point to a \$100,000 day for players in the Michigan Lottery's new instant game, "Horoscope," which offers up to a \$100,000 instant prize. Lottery Commissioner Michael J. Carr announced that ticket sales will begin on Tuesday, May 10, 1983.

\$11.1 million in cash prizes will be available in the \$27.9 million instant tickets each of which is printed with one of the twelve astrological signs.

Players remove the rub-off material from the six play spots on the ticket. If three identical prize amounts are revealed, the player wins that prize. For example, the player wins \$100,000 if that amount is printed in three separate spots on the ticket.

Commissioner Carr estimates "Horoscope" will earn approximately \$9.6 million in net revenue for the State School Aid Fund, which supports K-12 education.

Doodles From The Tall Timber

Wendell L. Hoover
Park Interpreter

I saw a woodcock last week which reminded me that soon their mating ritual will begin as it has for as long as the woodcock has graced our forest land. The "Sky Dance," as Aldo Leopold termed it, is open for public viewing, but you must be able to sit very quietly. The show will start on some warm evening this month at a time when it isn't really day or night. The locale will be an open area in the woods or brush and in the middle of this area there must be a bare patch of ground, moss or the track of a trail. Why the bare spot? The male woodcock has short legs and to show off his strutting to advantage, he cannot be tangled up in grass or weeds. Besides, his lady-love could not see them in such a location. When you have chosen a possible site, sit facing west so as to see the woodcock when he arrives. He will fly in over the surrounding brush and drop almost vertically to the bare spot where he will immediately emit a series of queer sounding "peents" about two or three seconds apart. When the peenting stops, the bird will flutter skyward in a series of spirals all the while emitting a musical twitter. He will continue to spiral upward in ever smaller circles with a louder and louder twitter. Without a pause, he tumbles downward giving voice in soft liquid warble. Just a few feet above the ground, he levels off and returns to his peenting ground and there repeats the performance again and again for an hour or so. Near daylight, the whole show is repeated. This continues until sometime in June. I have never spotted the female; if indeed she is even present is a question I cannot answer. If you want a free evening's entertainment, take in a "Sky Dance."

Vikings Top Rayders 8-2 in Return Game

Grayling avenged its opening game loss to defending league champion Charlevoix by drubbing the Rayders 8-2 at Cornell Field in Grayling.

Dave Brooks went the distance limiting Charlevoix to only one earned run. He helped his own cause by hitting two hits, scoring two runs, and driving in two runs.

The game was tight until the bottom of the fifth when Grayling exploded for five runs. Jim Hill and Marty Harris walked, Mike Hickey, Ryan Morford, Monte D'Amour, and Brooks added singles, and Rusty DeHart added a double.

Grayling scored first in the second inning on three singles by Brooks, DeHart, and Hill to go ahead 2-0. Charlevoix scored one in the third and one in the fourth

before the Vikings scored again in the fourth. D'Amour reached base on an error, went to second on a passed ball, stole third, and came home on DeHart's sacrifice fly.

In the second game, which doesn't count in league standings, Charlevoix outlasted Grayling 7-5. Grayling scored two with Jeff Branch and Ryan Morford singling and Jon Nicholas reaching second on an error. Charlevoix scored seven runs on three walks and three hits in the fourth. The Vikings got three back in the bottom of the fourth when Dan LaDuke and Branch singled and Marty Harris put one out for his second home run of the year.

Notes From Sweet Adelines

On June 18th at 8:00 p.m. in the Houghton Lake High School Auditorium, area residents will enjoy a good old-fashioned melodrama, "The Perils of Sweet Adeline", or "By The River's Side." This show should be fun for the whole family. The script was written by Grayling's own Sharon Huss, who also has recently been elected President of the Mid-Mitten Chapter of Sweet Adelines.

Beginning this week a member of the Mid-Mitten Chapter will call on the merchants and business people in Grayling to solicit advertisements for the show program. In the past Grayling area residents have given us wonderful support for our show programs, and the Mid-Mitten Chapter is deeply grateful to you. We hope that again this year you will support our program, and that as many of you as possible will be with us on June 18th at certain time.

Sweet Adelines is an International Organization of women who sing barbershop harmony. The Mid-Mitten Chapter is always anxious to meet women in Grayling and the surrounding counties who love to sing, and we are also anxious to sing for functions of your organizations in Grayling. If you would like to visit us, we meet on Tuesday evenings. Just call either Sharon Huss at 348-8062 or Mary McLean at 348-2350 for more information and a ride!

Tornado Alert Presentation

The Otsego County disaster preparedness groups in cooperation with the Top of Michigan amateur radio operators, are sponsoring a tornado alert presentation.

The NOAA weather station from Houghton Lake will show films of actual tornados, how they are formed, the formation of tornado clouds, etc.

After viewing these films you will be better prepared to identify the conditions that could lead to severe weather and damaging storms.

The films will vividly show the sequence of weather conditions that precedes the actual tornado.

All communications, ham operators, CBers, law enforcement personnel, firemen, etc. are urged to attend.

This presentation is open to all interested parties.

May 19, 83 at the Maple School in Gaylord in the cafeteria at 7:00 p.m.

Co-Op Nursery News

Grayling Co-Op Nursery is currently accepting names and a registration fee for a possible Tues. - Thurs. four year old class. Response for the 1983-84 school year has been overwhelming, so if you are interested, call Kathy Madsen, Membership Chairman at 348-5620.

Thank You

Dear Whitey,

May I take this opportunity to use your Media, and extend my sincere thanks to all of those who had anything to do with the Open House held for me last Sunday at the Hotel.

I truly appreciate all the effort, the lovely gifts, and most of all the visits with all the people who attended, I shall always remember the occasion.

Sincerely,
Arnie Mauren

Services Held For Helen Wythe

Mrs. Helen Wythe, of Charlotte, Michigan, formerly of Grayling, died on Sunday, April 17, 1983. Services were held on Wednesday, April 20, 1983, at the Mapes-Fisher Funeral Home in Sunfield, Michigan with Rev. C. Richard Swanson of Charlotte's First Baptist Church officiating. Interment was in the Chapel Hill Cemetery in Lansing.

Mrs. Wythe is survived by her husband Carlton Wythe, four daughters, one son, grandchildren, great grandchildren, and two sisters.

Pallbearers were Mark Stambaugh, Larry Bond, Guy Edgeron, Steven Peck, David Hill, and Scot Edgeron.

National Hospital Week Observed

Mercy Hospital, Grayling joins with hospitals all across the country in celebrating National Hospital Week, May 8 - 14. This special observance is built around the theme slogan "We Treat You Like Family."

"The 1983 National Hospital Week theme expresses the sentiment that we think of the community as an extension of our hospital family," said Sister Mary Hilda, R.S.M., President and Chief Executive Officer. "Community residents can count on us for the human touch as we continue progress in both prevention and cure of illness and disease."

At Mercy Hospital, as part of the Hospital Week celebration, nearly 100 present and past employees will be honored at the annual Awards Banquet. Employees who have served Mercy Hospital for 10 years or more will be presented with a service pin and will enjoy a delicious dinner. Mr. Paul B. Lerg, Chairman of the Mercy Hospital Divisional Board, will be the keynote speaker.

During the week the hospital also is encouraging people to adopt healthy behaviors and learn how to use the hospital wisely to stay well. National Hospital Week is sponsored each year by the American Hospital Association and its 6,300 member hospital to foster better communication and understanding between hospitals and their patients, employees, and the communities they serve.

Sandy Thompson, Grayling Mayor, has proclaimed May 8 - 14 as Hospital Week in Grayling.

W.I.C. Program Are You Eligible?

What do the letters W.I.C. stand for? Women, Infant, & Children Supplemental Food Program. You and/or your child may qualify for this service offered by District Health Department No. 1 in which participants receive coupons for nutritional foods.

W.I.C. serves pregnant or breastfeeding women, infants, and children under the age of five. Eligibility requirements are based on income and nutritional or medical need such as low iron, inadequate diet, or a weight problem.

Janet Labiak, RN, MSN, W.I.C. Coordinator, encourages pregnant women to apply for W.I.C. as soon as they are aware they are pregnant. The first three months of pregnancy are when most of the baby's body parts are formed and nutrition is extremely important. That is why pregnant women are given first priority in the program.

An important part of W.I.C. is nutrition education, stressing the importance of nutritious foods and how to use W.I.C. coupons to supplement one's diet.

Once placed on W.I.C., individuals receive coupons for nutritious foods such as eggs, cheese, milk, fortified cereal, fruit juice and legumes or peanut butter. An infant might receive formula, infant cereal and juice. These coupons are redeemed at many local stores.

To learn more about W.I.C., call the Grayling Health Department at (517) 348-2841 Ext. 258 between the hours of 8:00 a.m. to 4:30 p.m.

Blood

(Continued from Page 1)

As you know, our High School young people, operate the High School Blood Banks. These young Red Cross Volunteers do all the things our adult Red Cross Volunteers do at our Blood Banks.

They register the Donors, they identify the "bottles" with the Red Cross numbering system, they "walk" the Donors to the drawing cots, they walk the Donors from the drawing cots to the refreshment tables, they operate the Canteen, providing cookies, lemonade and coffee to the Donors - just like the Blood Banks at American Legion Hall.

Although the High Schoolers make every effort to get as many of the students to give a pint of their blood as possible, the Bank is open to all Donors; and it is the excellent cooperation of all our regular Donors that provides the opportunity for making the High School Banks outstanding.

Remember, Dial-A-Ride will come and pick you up at your home and take you to the High School, and return you home - FOR FREE - if you come to give a pint of your blood. Just dial 348-5409.

Please come and give a pint of your blood. You will help save someone's life!

Bits O'Talk

Tommy and Janice Clark of Lansing are the happy parents of a daughter, Maya Marie, born on April 17, 1983. Grandparents are Jack and Aggie Trudgeon of Grayling and great grandmothers are Mrs. Rene Savoie and Mrs. Betty Trudgeon of Sault Ste. Marie, Mi.

Tom and Sharon Trudgeon and family spent weekend before last visiting their parents in Grayling. Aggie Trudgeon went back to the Soo with them and returned on Tuesday with son, David, who is home for the summer from Gogebic Community College.

George and Marilyn Stan- cil and family spent ten days in Florida most of it spent enjoying Disneyworld. They also saw Carl and Sandy Reynolds while they were there.

Howard Granger of Kalkaska moved back home to Grayling about the middle of April. He purchased the Murlon Burrows home on Maple Street and is settled in his new home.

Sue Diedrich spent a few days visiting friends in Grayling. She has finished the year at the U of Michigan and flew from Traverse City to California to spend the summer with her father, Dr. Bill Diedrich.

Dena Elizabeth Glisan, daughter of Gary and Rhea Glisan was christened at the 11 o'clock service at the Michelson Memorial United Methodist Church on Sunday, May 8, 1983, by the Rev. Jeffrey Regan. The Glisans are enroute from their former home in Augsburg, Germany, to their new home near Honolulu, Hawaii. Gary's parents from Mt. Clemens were here for the day visiting at the Joseph Stripes and attending the service.

CARD OF THANKS

The Citizens Committee of Frederic and Maple Forest wish to extend our appreciation to the many, many people and businesses who contributed donations, of time, money and food to the fire hall dedication fund and appreciation day for Alan Leng.

A special thank you to all those who helped to finish the fire hall on time and all of you who took the time to spend such a beautiful day at our event.

"The Old Man and The Small Boy"

By

Rev. Richard H. Wadsworth

They were an old man and a small boy on a bench in the park. Life held much in common for them. Both had much to think about and talk about and both had few listeners. The boy was too young to be included in adult conversation and the old man was too old to be included.

They lived at the extreme opposite tips of the years, yet they found life belonging to them both. Each was lonely, but they found the perimeters of their presences overlapping comfortably and they were wrapped and warmed by the in-commonness of their hours in the sun.

The feebleness of the old man kept him seated while the eagerness of the child hurried him about, proving every spot. The old man had time to look at the bugs and blossoms, the worms and the wonders found by the child. The child in turn would sit in enraptured wonder, listening to the stories told by the aged man. Between their generations the adults had no time for either the old man's stories or the child's colored stones.

Each became a window on the other's world. The child's narrow world was given breadth by the tales of the man who had explored its wide horizons. The old man found the child's companionship opening his inner, secret diary and kindling again the wonders of his years.

To the child, life seemed simple because it was close but God was complicated because He could not be seen. To the old man, life was complicated because of its known contingencies but God was simple because of His warm awareness. Each gave the other a priceless gift.

Inbetween them swirled the restless, insatiable generation of adults who were badgered and buffeted by the ways which had no time for listening and little time for loving. Because the old man could not talk their facts and figures, they failed to see the wisdom of his well-chosen priorities. Because the child could not comprehend their pressures, they took no time to cherish his eager affection. One was lonely with his memories and the other was lonely with his hopes, but their loneliness was alike deep within their hearts.

In the course of time, the lonely old man died - that is, all of him died but what returned to God and what lived on in the heart of the boy. The little boy became a man - that is, all became man but the memories of childhood and the loneliness which was pushed back only by the old man.

Only God can know how much fuller our lives might be if we would take time to look and enjoy the world as a child sees it and examines it for the first time, and to listen for the seasoned values of the man grown old.

So soon the aged die and the young are old and it is too late for the people who are too busy for loving and living ever to have a chance to experience the fulfillment which comes from allowing lonely people to fill their lives with them. WHITE CANE DRIVE—The Lions Club would like to take this opportunity to show their appreciation to the community for their generous support of the White Cane Drive. Everyone was friendly, courteous and patient with traffic hindrance. Also we tip our hats to our out-of-town travelers for their generosity, good humor and patience.

We would like to relate two incidents that remind us of the significance of the White Cane, at least two cars stopped dead still and motioned the individual standing in the street collecting to go ahead and cross the street, why? the white cane is a symbol of a blind person, a few people have this awareness. The second incident was when an older gentleman walked over to the Lion member, took his arm and offered to escort him across the street. His sincerity and his compassion for someone less fortunate was quite touching. A special note of appreciation goes to this man who cares enough to take action based on his beliefs. Pictured is Don Prause & Roy Gunderson. Grayling you're great.

Cancer Drive Helps Research

More than one-third of all funds raised by the American Cancer Society in 1981/82 were used to support cancer researchers, looking for new ways to control cancer. Since cancer is a disease that can often be prevented and treated effectively, the ACS places great emphasis on the support of promising research studies.

Last year 26 percent of the funds raised were used for public and professional education efforts. These programs attempt to show the public how they can protect themselves against cancer and inform medical professionals of the latest diagnosis and treatment techniques.

19 percent of all funds were used for patient and community services. These programs include information and referral, transportation, dressings, loan closet items, efforts in cancer detection and rehabilitative services such as Reach to Recovery for mastectomy patients who have had a breast removed due to cancer.

Less than 10 percent of the money raised last year was used for management and budget due to the tremendous volunteer support. There are approximately 900 ACS volunteers for each staff person.

Only 14 percent of the budget was used for fund raising efforts, designed to increase support from the public for the needs of research, education and services.

It is vital for the public to know how their American Cancer Society dollar is being spent. As inflation eats into more and more of the paychecks, people are more careful of how contributions are being spent. The ACS is especially proud of the program and services it offers.

Someone who thinks he (or she) is legally divorced-but isn't - and then marries again has committed bigamy, even when the second marriage is in good faith.

An AGENT is a person who acts on behalf of another, the PRINCIPAL. When the agent acts properly with the principal's authority, any resulting contract obligations are the responsibility of the principal, not the agent.

Notice of

Finding of No Significant Impact

An Environmental Assessment (EA) has been prepared for the Rehabilitation/ Phased Construction at Camp Grayling Training Site located at Camp Grayling, Michigan.

Based upon this EA, a Finding of No Significant Impact (FNSI) has been prepared which summarizes the proposal and set forth the reasons why an environmental impact assessment will not be prepared.

The public is invited to review and comment on both the EA and the FNSI. These documents may be reviewed at: BUILDING 11 — CAMP GRAYLING — GRAYLING, MI 49738.

Also, a limited number of the documents are available for mailing to interested persons by writing to the: Engineering & Facilities Division at 2500 South Washington, Avenue, Lansing, MI 48913, or calling (517) 483-9645.

Written, substantive comments received at the above address within 14 days of the published notice will be made a part of the EA.

Approved for Release: Arthur N. Phillips
Brigadier General
Acting The Adjutant General
State of Michigan

Finding of No Significant Impact

Rehabilitation/Phased Construction at Camp Grayling Training Site, Michigan.

A. Description of Proposed Action and Alternatives:

The Camp Grayling Training Site has been sized as a 6,500-person high concentration training site. The proposed phased construction will enable the existing area to support current training requirements of the MIANRG. Camp Grayling is the nucleus for training conducted by units of the National Guard, Active Army, Army Reserves, and Marine Reserves of the surrounding states as well as supporting the training requirements of the Canadian Militia.

The assessment examined alternatives to the proposed action. No action is infeasible in that the existing structures are not adequate for the Camp's current logistical support operations/mission. No other installations within the area served can feasibly support the unit's mission.

B. Potential Environmental Impacts:

The analysis of potential environmental impacts is documented in an environmental assessment (EA) entitled "Rehabilitation/Phased Construction at Camp Grayling Training Site."

Construction: Normal construction techniques would be employed at the site, including proper erosion control techniques, to minimize any short-term impacts. Noise impacts during construction would be short term and not propagate far off-site. Air pollution during construction will be minimized by the installation of vapor emission control devices and site watering to control fugitive dust, if required. If threatened plant species are encountered during construction, the sites will be protected pending consultation with Department of Natural Resources personnel. A short-term economic benefit during construction would be realized in that employment for the local population would be available.

The proposed rehabilitation/phased construction projects would enhance operations at the existing site. No significant increase in operations is expected, therefore no adverse impacts on existing resources are anticipated.

Regulatory: There are no indications that implementing this proposal would violate any Federal, State, or local environmental laws or regulations.

Finding of No Significant Impact (FNSI)

A careful review of the environmental assessment has concluded that the proposed rehabilitation/phased construction at Camp Grayling Training Site will not have a significant impact on the quality of the natural or human environment. The requirements of the National Environmental Policy Act (NEPA) have been satisfied and an Environmental Impact Assessment (EIS) will not be prepared.

The public is invited to review and comment on both the EA and the FNSI. All written, substantive comments received within 14 days of the published notice will be made a part of the EA.

POLICE CAR VISITS SCHOOL—On April 27, 1983, four classes saw a police car at school. Paul Smith came with the car. There were about one hundred and twenty children watching. Paul turned on the flashing lights on the top. He showed them a night stick too. The stick that Paul is holding is a measuring wheel. If he wants to measure around a house he'll walk with it and at the bottom of it, it will show how long it is. Another thing Paul showed them was mouth to mouth resuscitation equipment for saving people. He also showed them a real bright flashlight. Then he showed them a spotlight and it was on the door by the mirror. Next he took out an ax and a shovel from the trunk. Also he showed them a shotgun and a speed radar for cars. He told them that the car went 95 m.p.h. The people telling about it were Andy Burkley from Mrs. Akers' room, Tim Hough from Mr. Hatfield's room, Becky Lozon from Mrs. McEvers; and Holly Shipley from Mr. Hayes' room. The picture is at Grayling Elementary School. By Brian Palmer and Craig Hudson, 5th grade.

Chamber Chatter

By Joyce Kolka

The Fishing Contest for this year is now history but the prospects for another one next year are excellent as a result of the response. Headquarters for the contest, Skip's Sport Shop, was besieged with entrants. Fish were registered in the affair from early Saturday until the deadline Sunday. The event was so successful at that location, the Chamber is planning to co-sponsor the upcoming Redcoat Roundup with Skip's.

Concurrent with the contest was the drawing Sunday for the Spring Give-Away of a 15 foot canoe. Congratulations go to Wendell Hoover, DNR Naturalist at Hartwick Pines who not only won the craft but the seat cushions, life preservers, cartop carrier and canoe paddles in the winner take all affair.

While the 4th of July is some time away, the plans for the celebration must be made now. A major item in the planning is funding for the fireworks display. The Grayling Booster Club, sponsor of the event finds that costs have increased tremendously. The Chamber Board is asking all merchants to assist in the display by donating to the boosters for the fireworks.

Advertising for the Grayling informational booklet will be solicited in the near future. Merchants are asked to back this publication as one that will be valuable for a handout at the various sport shows. It will contain articles about things to see and places to go in the county. It will also elaborate on various establishments offering service to visitors.

The Career Day initial program at Grayling High School was a tremendous success according to the students who participated and the staff who conducted the program. A special thanks goes to the staff at the High School including Principal Carl Naghtin, and counselors Penni White and Bill Klinger. Our thanks also go to the fine group of specialists that made the program a success. Those people include Joel Sietema, Carol Woodward and Bob Greenwood in the technological field; Duane Nimke, Dr. Ralph Hoffman, Dr. James Hough, Dr. K. Ramaswamy, Ed Schoonover and Mrs. Marilyn Naghtin in the health area. From the construction industry the persons who participated include: Bill Weaver, Ken Hellebuyck, Carl Craft and Clyde Weiss.

The Grand Opening of the Northern Monument Company was a huge success. The new company is located on Peninsular Ave. around the corner from Michigan Avenue. They are new members of the Chamber and will make a valuable addition to the ranks.

The Chamber also welcomes a new member from the civic activities area. The A.S.E.R.T. Group (AuSable Emergency Radio Team) has joined the ranks because they want to be part in promoting the area. For those who are not familiar with A.S.E.R.T. they are the hearty volunteers who specialize in helping in case of disaster with communications. If it's a fire, accident or other unfortunate happening they are on standby to help if possible. Most often the public sees them assisting during the various parades in the city. Officers for the club include Clarence (Whitey) Burse, President; Joyce Cousins, Secretary; and Everett Corwin, Treasurer. Currently as a fundraiser, the club is selling key chains imprinted with a promotion for the club and the AuSable River International Canoe Marathon.

On May 27th a Roast Beef Dinner is being sponsored by Camp Grayling (our local National Guard) to benefit the Milltown Festival. Funds are needed to bring marching bands in for the Milltown Parade and the Michigan Woodcutters, etc. Tickets are \$2.00 for children and \$4.00 for adults. All citizens of Crawford County are urged to attend and bring their friends. Let's make this the best Milltown Festival ever. We can, with your support.

This week our hats are off to Dean Molnar, Manager of McDonald's of Grayling. Dean is another civic minded citizen who is on the Board of Directors of the newly formed AuSable River International Canoe Marathon. He also has served on the Board of Directors of the Chamber and is presently completing his year as past president. Dean and McDonald's are known by most organizations for their generosity and helpfulness throughout the community. Dean, this is your week and we salute you!

How they are raised

Who says dogs and cats don't get along. It's all in how they are raised.

The same is true in our emerging relationships with one another. Given the right influences in the early years we learn respect and tolerance, friendliness and forgiveness.

The Church is especially important in this aspect of raising a family. As part of his religious education a child learns that his relationship with others is a practical expression of his relationship with God. The youngster's reverence and growing faith begin to be reflected in his treatment of others at home, at school and in his community.

This vital area of every child's growth depends on his parents awareness of his spiritual needs. Next week—every week—provide for your youngster's religious education. Your place of worship is eager to help.

"Talley's Folly" at Kirtland May 13-14

The Meadow Brook Touring Company, Michigan's foremost professional theatre, will present two performances of Lanford Wilson's Pulitzer prize-winning comedy-romance, "Talley's Folly", at Kirtland College Auditorium on Friday, May 13, at 8 p.m. and Saturday, May 14, at 1:30 p.m. with a theatre workshop following Saturday's performance.

"Talley's Folly" is the tender and funny love story of Sally Talley, a southern belle with a mysterious past, and Matt Friedman, a Jewish accountant from St. Louis, who comes to claim her on the night of July 4, 1944. Set amidst the decaying gingerbread of Talley's Victorian boathouse in Lebanon, Missouri, Matt woos a wary Sally, alternating with wildly humorous antics and endearing per-

suaions.

This special theatrical event is sponsored by the Roscommon Chamber Music Society Arts Council and the Michigan Council for the Arts. Tickets are \$5 for general admission and \$3 for students/senior citizens and are available at Roscommon Hardware, Fitzgerald's Home Center in St. Helen, Mio Dressmakers, Rose City Public Library, Grayling Holiday Inn, Gould Rexall in West Branch, Kirtland Bookstore, from Arts Council members and at the door. For further information, call 517-275-5121 ext. 275 or 279.

The Arts Council sponsors Meadow Brook each year to raise money for scholarships given to area high school and college students interested in fine and performing arts.

Bits O'Talk by Fay Bovee

Mr. and Mrs. Leonard L. Sidwell have returned to their Beaver Island Rd. residence after spending the winter in their Clearwater, Florida Condo.

Mr. Jere J. Carew of Daytona Beach, Florida is visiting his daughter, Dr. Mary A. Carew of Beaver Island Rd. for the summer months. Dr. Carew, Okemos High School principal recently left for Bogota, Columbia, S.A. to serve as a consultant in that city's high school system for a few weeks.

Co-Op Nursery

Hosts Open House
The annual open house-rounder will be held on June 30th, from 6:30 - 8:00 at the Nursery School located on Plum St. All interested families are urged to take this opportunity to see the school facilities as well as meet the teacher, Miss Pat Baker. Members of the Executive Board for the 1983-84 school year will be on hand to answer any questions. For more information call Kathy Madsen, membership chairwoman at 348-5620.

Local CF Bike-A-Thon Date Approaches

The Cystic Fibrosis Foundation will be sponsoring a "Cyclin' for CF" Bike-a-thon on May 21 from 10 a.m. to 2 p.m. The announcement was made by Darla Moore, volunteer Chairperson for the 1983 CF Bike-a-thon. The course will begin with registration at Grayling Middle School Gym at 10 am and will run for 1 mile. A participant may complete the course as many times as he wishes. The event is open to all persons who obtain prior sponsorship for at least 10 cents per mile. A person may get as many sponsors as he can. All proceeds will go to benefit children stricken with Cystic Fibrosis. An official CF Sweatband Set will be awarded to all those who bring in \$25-\$49; a Summer Jersey to those turning in \$50-\$99 and both the Sweatband Set and Summer Jersey to those turning in \$100 or more. All participants will receive an iron-on transfer.

Cystic Fibrosis is a terminal, genetic disease which affects the lungs and digestive system of children. One in 20 persons (over 400,000 Michiganders) are carriers of the recessive CF gene. Research has increased the life expectancy of CF children by more than 16 years in the past 17 years of activity.

Anyone wishing to participate in this project should contact Darla Moore at 348-8625 for further details and registration forms or Wendy Kucharek.

Cancer Education Course at Mercy

The American Cancer Society has designed an eight-session Cancer Education Course for people who currently have or have had cancer and a family member or friend. The course, called "I Can Cope" addresses the disease of cancer and provides suggestions on how to cope with cancer. Mercy Hospital, Grayling, in cooperation with the Crawford County Unit of the American Cancer Society will offer the "I Can Cope" course beginning on June 21.

A diagnosis of cancer can trigger many feelings including fear, isolation, and uncertainty. But by learning more about the disease and ways to cope with it these worrisome feelings can be better dealt with.

Some of the topics covered in the course include basics about our body and how it works, nutrition and exercise for persons with cancer, how to communicate about the disease, and community resources available to help. Many persons who have gone through the course comment that the interaction and support from others facing similar situations has been very beneficial to them.

"I Can Cope" was begun at North Memorial Medical Center, Minneapolis, in 1978. It has since been adopted as a national program by the American Cancer Society and has been well received in many communities nationwide.

Mercy Hospital requests that interested individuals pre-register. For more information about "I Can Cope" or to pre-register for it contact the Public Relations Dept. or Education office at Mercy Hospital by phoning 348-5461.

Ocean Warmth Affects Coastal Marine Life

Warmer than normal sea temperatures in the Pacific Ocean have greatly affected the waters off California, according to scientists of the Marine Life Research Group at the University of California, San Diego's Scripps Institution of Oceanography.

The researchers report that approximately one-third of the Pacific Ocean is warmer than usual, creating unusual oceanographic events unlike any previously recorded.
